Technical Capability:

- Subject Matter Expertise – Thorough knowledge and understanding of the training requirements of special operations units, both land and sea, gained through 8 decades of extensive

personal and professional experience as former members of various SOF units

- Quality Personnel Acquisition – 100% recruitment, hiring, and retention of highly qualified personnel oriented to and focused on mission support
- Program Administration – Experienced, proven professional managers to administer 24/7 oversight of program and perform conflict resolution when needed
- Logistics Management and Service – Ability to provide and manage turn-key seasonal logistics support packages at any CONUS site within 24 hours to maintain/enhance training requirements

Tasking:

ELS will provide Project Management to support logistics operations, field management operations, field support, husbanding operations, and services. Through a combination of 80 years of Special Operations Forces (SOF) experience and senior civilian/military management and training skills, ELS has been able to meet or exceed logistical, management, and training requirements on all its previous and current USSOCOM contracts. From day one, ELS has been committed to high standards of performance in all areas of services provided to our customers. Extensive joint services experience in instruction and training enables us to produce professional, comprehensive programs of instruction (POI) in almost any military venue. This professional commitment has produced not only a superior logistics process that is envied by other similar companies but a safety-conscious staff and workforce which has enabled us to deliver over 60,000 training support hours with a perfect 100% safety record.

Functional Areas:

ELS will support AAMCORE Inc. in Paragraphs 3.2, 3.5, 3.6, 3.10, 3.11, 3.16, 3.17, 3.18, 3.18.2, and 3.20.

Subcontracting Goal:

ELS is a SDVO thus facilitating the Navy's goals with regard to this sub-category.
